It was quick and easy! Great customers service, quick & easy process & affordable price. Left with a new key fob, that is well programmed by a very knowledgeable guy name Gabriel. Thank you Gabriel you're awesome! I Had a great experience here & I would definitely recommend this place to others out there. Mahalo!

Amazing service, efficient and effective! They managed to help me with what I needed. I called so many locksmiths and Double Quick locksmith Honolulu were the only ones that answered right away.

Highly recommend Double Quick Locksmith! Gabriel was very professional and personal. He lived up to his name as he came as quick as he could get to us on the NorthShore in the evening. He texted us to let us know his ETA. Then he met up with us and made us two sets of keys fairly quickly. Very efficient and very knowledgeable!!

Fast and efficient results! This lock is almost impossible to get a copy key for and they managed to do it. Most importantly it didn't ruin my weekly expenses budget. Super grateful

Gabriel was answered my phone and within 20 minutes total I was in my car. He was able to drive out and get me in my locked car that fast. If you ever accidentally lock yourself out, he and his team are the best. Hit them up!

There's a reason they are the highest rated. Gabriel came and replaced my car keys after mine had been lost for two days. He even made it to me earlier than scheduled, all the way to mililani to replace my keys for me. I am more than satisfied with the services provided from Gabriel. He was prompt, responsive, and more willing to help me! Also, he is very good looking.

HIGHLY RECOMMEND!!!! Lost the keys to our flatbed in the chaos of traveling home from a neighbor island. Expected to be at a job bright & early, it's fair to say I was stressed. After a quick google search I found Double Quick Locksmith and gave them a call. Gabriel was absolutely a lifesaver!! He was at my front door from the opposite side of the island in close to 30 mins, he gave us an affordable price to get the job done and I had a new set of keys in less than 30 mins. From phone call to keys in hand- an hour, amazing!! Truly impressed by his professionalism & going the extra mile to help us out! I have double quick locksmith saved in my phone because that's who I'll be calling for all our future locksmith needs! Thanks again Gabe!!

Gabriel was responsive. He text to let me know he would be running late but showed up at the time arranged anyway. However, once he was at property the lock took him a lot of time to remove. It was an older lock and most likely the mechanics were something he wasn't familiar with. I provided a new Schlage lock of my own; however, after install, I was told that it was \$100 to install. Had I known of this charge prior, I would have installed myself. For a job that should have been around \$250 tops based on other locksmiths I've asked, I was charged almost \$375. After the work, no clean up was done. Metal and wood shavings were left behind outside and inside the door to clean up.

Double Quick has saved me not once but twice! I got locked out of my pad-locked office, and Gabriel sent me someone who got me back in within 10 minutes, and did so without damaging my company door. The second time he helped me get back into my car, where my dog was inside anxiously waiting for us to get him. He not only got him out quick and sound, but provided me with a spare key to my door the next day. Double Quick is fast, efficient, and affordable (And they do it all with Aloha). My hotel now uses him for all emergencies.10/10

Double Quick made a new key FOB for my Toyota Prius. They were prompt in their response and came to my house on the North Shore within just a few hours of me calling. Gabriel was professional, knowledgeable, and provided incredible service. I can't say enough positive things about the experience. I highly recommend them.
